

AQUAVIT

DILL, CUMIN, JUNIPER

Inspired by the popular Scandinavian distillate, we have created the first Czech aquavit. Caraway seeds from the Vysočina region, dill from Central Bohemia - these traditional ingredients are the basis of aquavit, which excels in delicious taste and delicate aroma.

Main botanicals: Juniper, angelica, coriander, Czech dill, caraway from the Vysočina region, liquorice.

Aroma: Bread with a hint of dill. It surprises with fresh tones of cucumber.

Taste: Fresh start with dominant dill. This is followed by a soft sweetness after liquorice and a warm, earthy caraway.

Volume: 500 ml

Alcohol content: 42 % alc
